**NOTATIONS to all dancers and their parents:** Our goal is a timely competition. Please note that some age groups will be dancing all of their competitions in a row because of mergers and re-assignments. BE PREPARED. Stay at your stage and bring both pair of shoes.

**Preliminary Championship dancers** – do not leave your stage area between competitions. It is suggested you not change out of your dresses. Stage delays occur often because of this. **We will not be waiting this year** if you do not get back to your stage ready to compete when it is called. We move quickly and there are a lot of competitions. Thank you for your assistance so that we may improve your feis experience.
